GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P.—55.

Bombay Castle, 30th August 1923.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and Notified Areas in the Bombay Presidency for the year 1921-22.

RESOLUTION.

PART I.

Summary.

Number and Area.—The Nandgaon Notified Area in the Nasik District having been converted into a Municipality and a new Municipality having been constituted at Juhu in the Bombay Suburban District with effect from the 1st October 1921, the total number of Municipalities in the Presidency including Sind increased from 157 to 159. The number of Notified Areas in the Presidency proper, however, remained at 34, as a new Notified Area was constituted at Ambarnath in the Bombay Suburban Division during the year under review. The Municipalities of Ahmedabad and Surat were superseded towards the close of the year and committees of manegement appointed.

2. *Changes in the population and boundaries.*—The population resident in the municipal districts increased by about 10,000, due chiefly to the inclusion of the population of the two newly constituted Municipalities of Nandgaon and Juhu and the alteration in the limits of Chiplun. There were no changes in the boundaries of the municipal areas except in Ahmedabad, Prantij and Broach in the Northern Division, Chiplun in the Southern Division, and Rato Dero in Sind.

3. *Elections.*—In the Northern Division triennial elections took place in the Municipalities of Nadiad, Anand, Borsad, Umreth, Dakor, Kaira, Godhra and Dohad. The elections were keenly contested only at Umreth and in the Mahomedan ward at Nadiad. In municipalities in the Kaira District bye-elections were held to fill up 22 vacancies out of which 4 were due to deaths and the others to resignations induced by political pressure. Eleven members, including the President and Vice-President of the Nadiad Municipality, resigned just before the triennial term was due to expire, the reason given being the assumption by Government of the management of the municipal primary schools. In exercise of the power conferred upon them by the Bombay District Municipal Act, 1901, Government appointed Mr. Bhagwandas Gordhandas Desai to be President until new elections were held and a new Board was formed. In the Central Division, triennial elections were held in Sangamner, Erandol, Dharangaon, Jalgaon, Nandgaon, Trimbak, Poona City, Poona Suburban and Baramati. The terms of office of 13 municipalities were extended during the year to enable them to observe the preliminaries necessary for bringing into effect the new constitution of the Boards. In the Southern Division, triennial elections were held at Saundatti-Yellamma, Gadag-Bettigeri, Navalgund, Nargund, Ranebennur, Byadgi, Haveri, Karwar, Honavar, Sirsi, Bhatkal, Haliyal, Matheran, Ratnagiri, Malwan and Vengurla. In Saundatti-Yellamma the 22 candidates for the 12 seats on the Board subsequently placed their resignations in the hands of a Punch of arbitrators whom they asked to select only 12 from among them and to pass on the resignations of the remaining 10 to the Municipality. The Punch did this and there was no polling as there were no more candidates than the number of seats assigned for each ward. This procedure, however, did not satisfy the 10 candidates not selected by the Punch who complained but did not appeal to the Civil Court to which they were referred. There was keen competition in Gadag-Bettigeri and Nargund, in which towns and in Byadgi three civil suits were filed to contest the legality of the elections. There was no polling at the general elections in Navalgund as the number of candidates was equal to the number of seats. At Matheran there was no competition at the elections, which were purposely held during

Christmas holidays in order to afford an opportunity to the large population of qualified persons from Bombay to vote or stand as candidates. The number of candidates being equal to the number of seats, no elections were held. The elections at Ratnagiri, Malwan and Vengurla were contested, the percentage of votes polled being respectively 25, 37 and 60. Triennial terms of Athni, Nipani and Bail Hongal were extended by six months. In Sind the term of the Shikarpur Municipality which was to have expired on the 31st March 1922 was finally extended to the 31st January 1923 in order to give time for the completion of the electoral rolls.

4. *Constitution of Municipalities.*—In the Northern Division towards the close of the year under review the Ahmedabad and Surat Municipalities were superseded for periods of two and three years respectively mainly on account of their having persistently made default in the performance of the obligatory duty imposed upon them by the Bombay District Municipal Act, 1901, of maintaining primary schools subject to the provisions of the Act, and Committees of Management were appointed to administer the affairs of the superseded Municipalities.

In pursuance of the orders in Government Resolution no. 9693, dated the 24th September 1920, directing that steps should be taken (1) to enfranchise a considerably larger portion of the population of each municipal district by reducing the qualifying tax; (2) to increase the number of councillors; (3) to fix the maximum proportion of nominated councillors at one-fifth of the total number of councillors; and (4) to adopt the system of multiple-seated constituencies with the cumulative right of voting, the reconstitution of 96 municipalities in the Presidency proper was sanctioned during the year under review with effect from the date of the expiry of their terms of office, in addition to the 15 municipalities whose reconstitution on similar basis was sanctioned in the previous year.

In Sind out of the 26 municipalities 17 have been so far reconstituted on a four-fifths elective basis, while in the case of Karachi Municipality the proportion of elected councillors is eight-ninths. The Commissioner reports that the remaining 8 municipalities will be reconstituted on a four-fifths elective basis as soon as the necessary preliminaries are complete.

Government have granted all municipalities the right of electing their Presidents by a simple majority vote.

5. *Attendance at municipal meetings.*—In the Northern and the Bombay Suburban Divisions the total number of meetings held rose from 855 and 47 in the preceding year to 959 and 70 respectively in the year under review. In the Central and the Southern Divisions the number fell from 1069 and 723 to 1018 and 711, respectively. In the Northern and the Bombay Suburban Divisions the average attendance of all members present at each meeting fell from 58·2 and 68·0 per cent. to 56·7 and 65·4 per cent. respectively. In the Central and the Southern Divisions the average attendance was almost the same as last year. In Sind the total number of meetings held slightly decreased but the attendance of councillors was on the whole satisfactory except in the case of Karachi, Manjhand and Mirpurkhas Municipalities.

6. *Taxation.—House tax.*—In Ahmedabad after a lapse of 30 years, the rates of rental valuations of industrial premises were revised and increased to five times the old figures. Shahada levied a tax on buildings and open spaces in the ginning factories. The Municipalities of Bulsar, Betawad, Mhaswad, Panchgani, Rahimatpur, Kumta, Navalgund and Sirsi revised their schedules of house tax. Mahableshwar revised its combined house and conservancy tax. Sholapur raised the general rate on buildings and lands. Bhatkal, Matheran and Roha-Ashtami revised their house tax assessment lists. House tax was abolished by the Larkana Municipality.

Octroi was levied by the Karmala Municipality. Kalyan, Shahada, Baramati, Talegaon-Dabhade, Junnar, Bagalkot, Gokak, Bhatkal, Chiplun, Tando-Allahyar, Tando-Mahomed Khan and Mirpurkhas revised their octroi schedules. The Poona Municipality raised the rates of octroi on *khadi* and grass and levied octroi on articles that were subject to Trade Registration fee.

Water-rate.—Talegaon-Dabhade and Chiplun revised their schedules of water-rate. In Thana the previous system of levy of rate by meter measurement on water for domestic purposes has been replaced by rates levied on a graduated scale according to tenements. Sholapur Municipality revised the private water tax as also the general water-rate. Ratnagiri brought into force the revised water-rate sanctioned in 1920.

Sanitary Cess.—In Modassa the general sanitary cess which was reduced in the preceding year was revised in 1922 and restored to its original rate. Bulsar and Rander also revised the rates of the special and general sanitary cesses. Thana and Baramati revised their special sanitary cess. The Satara City Municipality imposed conservancy tax which was also revised by the Wai and Sholapur Municipalities. Kumta and Chiplun revised their bhangi cess. Bhatkal levied a general sanitary cess and revised its schedule of special sanitary cess. Halalkhor cess was abolished by Hala and Matiari and revised by Garhi Yasin and Ratodero Municipalities.

Conveyance taxes and tolls.—The revised schedule of toll tax of the Rander Municipality was sanctioned during the year under review. Bhiwndi revised the conveyance and toll taxes. Toll tax was also introduced in Kurla, Belgaum, and Satara City. Nandurbar reimposed toll tax and Talegaon-Dabhade, Sangola and Bhatkal revised the toll tax. Karmala abolished the wheel tax, Sirsi increased the rates of road toll and wheel tax. A toll tax on animals and a tax on motor vehicles, carts and camels were introduced in Shikarpur and Sukkur respectively. The Hyderabad, Kotri and Mirpurkhas Municipalities revised the rates of their wheel and animal taxes.

Pilgrim and Miscellaneous taxes.—The Nasik Municipality reduced the rate of pilgrim tax from 6 annas to 4 and Trimbak made the levy of the tax permanent at 4 annas per head. Yemnur enhanced and Amalner abolished the pilgrim tax. The Faizpur Municipality introduced a cotton manufacturing tax and Dhulia an export tax of 8 annas on each pressed bale of cotton. Nandurbar raised the market fees. Yemnur enhanced slaughter house fees. The taxes on tea, *bidi* and snuff shops were brought into force by the Kumta and Bhatkal Municipalities. The latter Municipality also levied a dog tax.

7. *Municipal income.*—The aggregate gross income of the Municipalities was almost the same as in the previous year, *viz.*, Rs. 2,30 lakhs. Deducting receipts under "Extraordinary and Debt", the net income amounted to Rs. 176 lakhs as against Rs. 180 lakhs. The following table shows the fluctuations under the principal heads of income:—

	1921-22.	1920-21.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes:—				
(*a*) Octroi (net receipts, *i. e.*, deducting refunds) and terminal tax.	47,07	40,25	6,82	.....
(*b*) Taxes on houses and lands ...	20,10	20,59	.....	49
(*c*) Water tax ...	19,82	18,91	91	.....
2. Revenue derived from municipal property and powers other than those of taxation.	31,74	43,45	.....	11,71
3. Grants and contributions for general and special purposes.	19,88	17,75	.....	2,13
4. Extraordinary and debt ..	54,37	49,94	4,43	.....

8. *Octroi and Terminal Tax.*—Of the very substantial increase of Rs. 6,82,000 under this head, more than one-third was contributed by the Central Division (Rs. 2,55,000) and more than one-fourth by Sind (Rs. 1,85,000), the Northern and Southern Divisions being responsible for Rs. 1,38,000 and Rs. 1,00,000, respectively. In the Northern Division the revenue from the terminal tax in Ahmedabad alone showed an increase of about Rs. 1 lakh which was mainly due to the adjustment of the amount of commission charged by the Railway Company for collecting it. The realizations from the terminal tax levied by the Mehmedabad Municipality and the revision of the terminal tax schedule of the Nadiad Municipality also account partly for the increase under this head. There was a marked increase in the octroi receipts of Surat, Bhiwndi and Jambusar, the last named Municipality having raised the rates by 50 per cent. In Bandra the receipts from the terminal tax rose by Rs. 4,500. Before 1921-22 this tax was farmed out, but this was held to be illegal by the Bombay High Court. Steps were taken to collect the tax departmentally and the increase in revenue shows that the departmental working is satisfactory. In the Southern Division the increase under this head was due to the growth of trade and revision of octroi schedules. Large imports of iron and machinery for the Tata Power Company increased the receipts of Panvel and the revision of the octroi and terminal tax schedules increased the receipts of Chiplun, Ratnagiri and Vengurla. An increase of Rs. 82,000 in Karachi was due to the levy of increased rates on certain commodities and larger imports and of Rs. 48,000 in Hyderabad, to the revision of the octroi schedule, the rise in the price of cloth and the levy of octroi on articles received by post.

9. *Taxes on houses and lands.*—Under this head there was a considerable decrease, Rs. 2,18,000 in all, in Sind, which was counterbalanced by an increase of Rs. 1,69,000 in the Presidency proper. The decrease in Sind was mainly due to the Karachi Municipality whose revenue under this head showed a decrease of Rs. 2·07 lakhs due to the abolition of the additional 4 per cent. house tax. The decrease of Rs. 8,000 in the Rohri Municipality is accounted for by the suspension of the recovery of house tax pending its abolition. The Northern and the Bombay Suburban Divisions were responsible for increases of Rs. 18,000 and Rs. 36,000, respectively. In the latter Division the quadrennial revision of the house tax in Bandra led to a net increase of Rs. 25,000. There was a similar increase of Rs. 10,000 in Kurla. The Central and the Southern Divisions showed an increase of Rs. 84,000 and 30,000, respectively, due mainly to the recovery of past arrears and current demands and partly to the revision of the house tax assessment lists. The decrease in Athni (Rs. 3,000) was due to grant of suspensions on account of scarcity.

10. *Water rate.*—The increases under this head were Rs. 34,000, Rs. 42,000, Rs. 17,000 and Rs. 4,000 in the Northern, Central and Southern Divisions and in Sind. The Bombay Suburban Division showed a decrease of Rs. 5,000 in Bandra which is said to be due to the late issue of bills owing to the quadrennial revision of the house tax. In Sind the increase under this head occurred in the Hyderabad Municipality, where it amounted to Rs. 9,000 and was due to the enhancement of water-rates and to the additional house connections. On the other hand, there was a decrease of Rs. 5,000 in the Karachi Municipality owing to reduced consumption of water by the Military Department.

11. *Recovery of municipal dues.*—Of an outstanding balance of Rs. 79,000 on the 1st April 1921 and a current demand of Rs. 8,86,000, the Ahmedabad Municipality recovered Rs. 8,17,000, and Rs. 38,000, were written off or refunded. The outstanding balance at the end of the year thus increased to Rs. 1,10,000, out of which Rs. 13,600 is reported to have been collected since the close of the year under review. This state of affairs cannot be regarded as creditable to a large Municipality like Ahmedabad. Modassa had the largest arrears of house tax at the close of the year while Ranpur remitted Rs. 2,600, for which no explanation is forthcoming. Borsad has shown some activity in the collection of its house tax compared with last

year. Anand has this year not been able to show a clean slate as was the case for the last two years. Dohad again showed good results. Mahudha and Nadiad were not sufficiently active in the recovery of their dues. In Godhra with a total demand, including the previous year's outstanding balance, of about Rs. 38,790, at the end of the year, the outstanding balance was Rs. 10,042 as against Rs. 4,849 in the previous year. In Broach the unrealised demand of the current and the past years on account of house tax and conveyance tax at the end of the year remained at Rs. 14,428 and Rs. 4,211, respectively, as against Rs. 14,767 and Rs. 3,825 at the end of the preceding year. None of the municipalities in the Surat District recovered their dues satisfactorily. In the Thana District out of the total arrears of Rs. 32,380 to be recovered at the end of the year nearly half are for house tax in respect of which item Kalyan has the worst record. Thana has the greatest water-rate arrears while Kalyan and Thana showed themselves to be particularly slack in the recovery of general and special sanitary cesses. In Bassein the plague epidemic interfered with the collection of taxes as the town was deserted from October to March and nearly Rs. 800 will have to be written off. In the Central Division out of a total demand of Rs. 15½ lakhs, outstanding arrears at the end of the year amounted to Rs. 2¼ lakhs, *i.e.*, about 14 per cent. The heaviest arrears were in Chopda (40 per cent.), Karad (34 per cent.), Yeola (31 per cent.), Sholapur (17 per cent.) and Poona City (12 per cent.), and nearly half of the total amount of arrears was on account of house tax. In the Southern Division the total arrears increased from Rs. 82,000 to Rs. 90,000. Bijapur (Rs. 15,000) and Hubli (Rs. 28,000) have again the largest arrears which are nearly equal to ¼ of the demand of the respective bodies; the other offenders are Belgaum (14 per cent.), Athni (63 per cent.), Saundatti (23 per cent.), Bail Hongal (25 per cent.), Navalgund (54 per cent.), Mahad (15 per cent.), Pen (15 per cent.), Uran (24 per cent.) and Malwan (30 per cent.). The arrears of Nipani, Guledgud, Ranebennur, Roha and Ratnagiri were small, while Ilkal, Honavar and Bhatkal showed a clean sheet. In the Bombay Suburban Division, Kurla has shown no improvement in this respect, the arrears at the close of the year under review having remained at Rs. 19,500. The arrears in Ghatkopar have increased from Rs. 1,900 to Rs. 6,000, the reasons assigned by the Municipality being partly the absence of the staff on sick leave and partly the large number of absentee landlords causing difficulty in ascertaining the ownership of properties transferred. The Municipality has since the close of the year recovered a large portion of the arrears by issuing distress warrants. The Municipality of Bandra, whose arrears increased by 47·08 per cent., has the worst record for arrears, principally of house and water taxes; the explanations given in the case of house tax that a large increase in the demand owing to revision has resulted in large arrears and in the case of the water tax that quarterly bills could not be prepared in time as the amount of the special sanitary cess could not be fixed on account of the rental value having been under revision, are hardly satisfactory. Heavy arrears are in the main due to an insufficient or inefficient collection staff, and unless the collection staff is overhauled and fresh energy imparted into it the finances of Municipalities will end in a hopeless muddle. This should be pointed to defaulting Municipalities who should be urged to take prompt measures to effect improvements in this direction.

In Sind the total outstandings amounted to Rs. 3,66,000 as against Rs. 2,39,000 for the preceding year, the arrears amounting to Rs. 3,37,000 in the Karachi Municipality being chiefly due to the non-payment of the bills for February and March before the close of the year.

12. *Revenue derived from municipal property.*—Under this head there was a decrease of Rs. 11,71,000, nearly the whole of which occurred in Sind and was due to the sale by the Karachi Municipality in the previous year of a large number of building plots and the lower prices realised from sales in 1922 due to the absence of competition and the tightness of the money market. In the Southern Division also there was a net decrease of Rs. 42,000. The principal decrease was Rs. 50,000 in Gadag as the last year's figures were

swelled by the sale of 19 plots of land. The Bagalkot Municipality asked for a free transfer of Government road-side sites and open spaces within its limits in order to improve its " meagre financial resources " by selling them. The request was refused by the Commissioner, S. D., who advised that body to improve its finances by enhancing its taxes so as to meet the cost of administration. The Commissioner reports that in order to check the tendency on the part of the Municipalities to sell property and live on their capital, he has, while sanctioning sales and leases under section 40 of the District Municipal Act, laid down the condition that the amount realized is to be treated as capital and not to be utilized towards current expenditure.

13. *Grants and contributions for general and special purposes.*—The receipts under this head, which chiefly consist of grants made by Government to Municipalities for the improvement of water supply and drainage, for the opening of congested areas and for educational purposes, increased by Rs. 2,13,000 to Rs. 19,88,000. The Central Division alone was responsible for an increase of Rs. 1,75,000. In the Northern Division an increase of only Rs. 18,000 is noticeable although the grants from Government for general and educational purposes show an increase of Rs. 16,000 and Rs. 23,000 respectively. This is mainly due to the large decrease of about Rs. 24,000 in the case of Dhandhuka which received a donation of that amount for the Birla High School during the previous year. The smaller amount of the Government educational grants in the Kaira District is due to the non-receipt of Government grant by the Nadiad Municipality. The increase under the head " education " in the Kaira District is due to the receipt of Rs. 10,000 by the Nadiad Municipality from the " Rashtriya Vidya Pith Samiti, Ahmedabad " for the management of its " national " schools. The decrease of Rs. 30,000 in Surat is on account of the refusal of the Surat Municipality to accept Government grant for educational purposes. In the Bombay Suburban Division the Government grant for general purposes in Bandra showed a drop of Rs. 5,600 which is due to the receipt of a grant in the previous year on account of the Chief Officer's pay; the grant, however, for educational purposes rose by Rs. 6,000 intended to meet the increased expenditure on educational purposes. In the Southern Division the largest increase was in Matheran due to receipt of Rs. 20,000 on account of arrears of land revenue assigned by Government. In Sind, Sukkur showed a decrease of Rs. 73,000 under Government grant for general purposes owing to the receipt in the preceding year of a grant-in-aid of Rs. 78,000 for its water works. Karachi showed an increase of Rs. 19,000 owing to its receipt from Government of grants of Rs. 6,000 for the maintenance of a portion of the Garden Road and Rs. 13,000 being the moiety of census expenditure. Manjhand received a grant-in-aid of Rs. 15,000 for the construction of the dispensary. The net increase under Government grants for educational purposes amounted to Rs. 24,000 which was shared by almost all the Municipalities and was due to increased grants received from Government in consequence of the revision of the pay of teachers.

14. *Nature of income and incidence per head of population.*—Of the aggregate income of the Municipalities, Rs. 1,08,84,000 were realized from municipal taxes and rates as compared with Rs. 99,35,000 in the preceding year, direct taxation yielding Rs. 61,77,000 or 56·8 per cent. and indirect taxation yielding Rs. 47,07,000 or 43·2 per cent. of the total. The corresponding percentages in the previous year were 59·5 and 40·5 respectively. The average incidence of taxation per head of population *increased* from Rs. 3-11-5 to Rs. 4-0-11 and that of income *decreased* from Rs. 6-11-10 to Rs. 6-9-1, that is to say, the Municipalities raised 5 annas 6 pies per head *more* than last year and received 2¾ annas per head *less* than last year.

15. *Working of the octroi system.*—In the Northern Division out of the gross octroi revenue amounting to Rs. 12,21,000, Rs. 60,000 were granted in refunds. Thus the percentage of refunds rose from 4·5 to 4·9, for which the Broach Municipality is responsible, the percentage of refunds here rising from 13·5 to 22·3. None of the four Municipalities in the Bombay Suburban

Division levies octroi. In the Central Division octroi was levied by 34 municipalities. The gross octroi collections amounted to Rs. 11,03,000 and net income to Rs. 10,27,000, the percentage of refunds being 6·8 against 10·6 of last year. In the Southern Division the gross collections amounted to Rs. 4,57,000 and refunds to Rs. 14,000. The percentage of refunds to gross collections declined from 6·1 to 3·5. The percentage was high in Karwar and Bhatkal, being 20·2 and 14·6 respectively. In Dharwar 1,767 applications were pending, involving claims for refund of Rs. 10,000. There was some difficulty with regard to the interpretations of refund rules and the difficulty having been removed by the Municipality recently, the Chief Officer is reported to be investigating the claims and the work should be finished soon. The joint octroi system for the Cantonment and municipal areas in force in Hyderabad for the last 10 years came to an end on the 31st March 1921. The terms of a fresh contract for the next decade are under consideration.

16. *Terminal Taxes.*—In the Presidency proper the terminal tax system has now been introduced into the following Municipalities :—

Northern Division and the Bombay Suburban Division.	Central Division.	Southern Division.	Sind.
Ahmedabad.	Dhulia.	Roha-Ashtami	Karachi.
Nadiad.	Jalgaon.	Vengurla.	Sukkur.
Bandra.	Raver.	Hubli.	Garhi Yasin.
Ankleshwar.	Dharangaon.	Kumta.	Larkana.
Umreth.	Ahmednagar.	Dharwar.	Mirpurkhas.
Anand.	Amalner	Malwan.	Umerkot.
Prantij.		Roha.	Jacobabad.
Mehmedabad.			Shikarpur.
Jambusar			Keti-Bunder.
Godhra.			Ghotki.

17. *Expenditure.*—The total expenditure of the Municipalities during the year under report was 231½ lakhs as against 219¼ lakhs in the preceding year. Excluding the item of " Extraordinary and Debt ", the expenditure amounted to Rs. 175 lakhs as against Rs. 164 lakhs. The increase in the ordinary expenditure was therefore 11 lakhs. The following table indicates the fluctuations under the principal heads of expenditure :—

	1921-22.	1920-21.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. General administration and collection charges.	17,13	15,40	1,73	...
2. Public health and convenience ...	87,38	85,56	1,82	...
3. Public instruction ...	38,31	30,34	7,97	...
4. Extraordinary and debt ...	56,37	55,34	1,03	...

18. *General Administration.*—The increase of Rs. 1,73,000 under this head was shared by all the Divisions of the Presidency proper and Sind.

19. *Public health and convenience.*—There were increases of Rs. 2,13,000, Rs. 26,000, Rs. 13,000 and Rs. 86,000 under this head in the Northern, Bombay Suburban, Central and Southern Divisions, respectively. Sind showed a decrease of Rs. 1,56,000.

20. *Water supply.*—In the Northern Division the expenditure under " Capital outlay " decreased by Rs. 35,000 but that under " Establishment

and repairs, etc. ", increased by Rs. 1,46,000. The increase in the Ahmedabad Municipality was due to fees paid to an expert adviser for improvements to water works, laying 6" pipes in Kapasia bazar, painting Dudheshwar water works cistern and purchasing a watering motor lorry. In the Kaira District increased expenditure was caused by repairs to the water supply at Umreth and the deepening of Gomti tank at Dakor. The increase in the Surat Municipality was due to the high prices of coal combined with increased consumption owing to the neglected condition of the Surat water works boilers. The increase in Rander is due to the payment of last two years' share of the cost of the working of the Surat water works. In the Bombay Suburban Division, Bandra showed a decrease of Rs. 11,000 under " capital outlay " and of Rs. 10,000 under " Establishments, repairs, etc. ", as the abnormal increase in the previous year was due to the laying out of new mains along Waterfield and Turner roads. Kurla, however, showed a net increase under " Establishment, repairs, etc.", which is due to the payment of the Bombay Municipality water bills and the purchase of pipes, fittings, etc., for laying new mains. In the Central Division there was a considerable decrease of Rs. 2,37,000 under " capital outlay ". In the Southern Division the " capital outlay " increased from Rs. 9,000 to Rs. 25,000 and charges on account of " Establishment and repairs " from Rs. 1,23,000 to Rs. 1,30,000. Nipani purchased cast iron pipes worth Rs. 6,500 and acquired land at a cost of Rs. 5,500. Hubli and Dharwar extended their distribution system and contributed respectively Rs. 2,000 and Rs. 1,000 towards the increase under " capital outlay ". The increase under " Establishment and repairs " was due to higher cost of working in Bijapur (Rs. 8,000), where the expenses are excessively high and are more than double the amounts originally estimated. In Sind, there was an increase of Rs. 68,000 under " capital outlay " in the Karachi Municipality due to enhanced expenditure on the Dumlotte Extension Works. On the other hand, the expenditure by the Hyderabad Municipality on its Water Works Improvement Scheme fell by Rs. 50,000. Under " Establishment, Repairs, etc. ", the Karachi Municipality showed a decrease of Rs. 4,000 due to reduced expenditure on pumping at Dumlotte owing to good rains. The Hyderabad Municipality showed an increase of Rs. 22,700, which is attributed to the additions and alterations to the quarters of the Mechanical Engineer, revision of establishment and purchase of a larger supply of fuel and oil. There were also increases of Rs. 6,000, Rs. 3,600 and Rs. 3,200 in the Municipalities of Sukkur, Shikarpur and Mirpurkhas, respectively.

21. *Drainage.*—The only Municipality in the Northern Division which possesses a drainage system is Ahmedabad. Its expenditure showed a decrease of Rs. 3,000 under " capital outlay " and of Rs. 32,000 under " Establishment, repairs, etc.". In the Bombay Suburban Division, Kurla alone showed an increase under this head which is due to the widening of the New Mill drain for the abatement of a long standing nuisance. In the Central Division there was a decrease of Rs. 26,000 in the Nasik District, due to the fact that the Nasik Municipality spent about Rs. 2,000 only on the construction of drains during the year under report as against Rs. 28,000 in the preceding year. In the Southern Division the increase of Rs. 9,000 under " capital outlay " was due to the construction of gutters by Dharwar at a cost of Rs. 10,000. In Sind there was an increase of Rs. 21,800 under " capital outlay " at Karachi, due to the extension of the drainage system in Civil Lines, Frere Town Quarter, and other newly developed areas. On the other hand there were decreases of Rs. 6,000 in the Hyderabad Municipality and of Rs. 4,000 in the Sukkur Municipality owing to smaller expenditure on the construction of new drains.

22. *Conservancy.*—The total expenditure under this head which, during the year under report, amounted to Rs. 27,53,000, exceeded that of the previous year by Rs. 1,90,000. This large increase was due to improved equipment, the payment of increased salaries and allowances to the conservancy staff and to the high cost of bullocks maintained for the purpose of conservancy. The Nothern, the Bombay Suburban and the Central Divisions contributed Rs. 94,000, Rs. 23,000 and Rs. 41,000, respectively, towards

the increase and Sind Rs. 36,000. The Southern Division showed a small decrease of Rs. 4,000 under this head.

23. *Road expenditure.*—The expenditure incurred under this head amounted to Rs. 15,54,000 as against Rs. 15,00,000 in the previous year, showing an increase of Rs. 54,000 only. Central Division was responsible for an increase of Rs. 2,05,000, whereas Sind showed a decrease of Rs. 2,47,000. The Northern, the Bombay Suburban and the Southern Divisions contributed increases of Rs. 48,000, Rs. 16,000 and Rs. 32,000 respectively. The heavy decrease in Sind is due to the Karachi Municipality having incurred larger expenditure in the previous year on the acquisition of land and construction of new roads. The Hyderabad Municipality also showed a decrease of Rs. 11,000 on account of smaller expenditure on new roads and repairs. The Sukkur Municipality, on the other hand, showed a considerable increase of Rs. 1,09,000, which is accounted for by metalling of roads and extensive repairs to culverts. The Tando Adam Municipality also showed an increase of Rs. 11,000.

Section 91-A of the Bombay District Municipal Act, 1901, as amended by Bombay Act VIII of 1914, imposes upon Municipalities the duty of prescribing a regular line for the boundaries of public streets. In the Northern Division no progress appears to have been made in this direction in any of the Municipalities of the Ahmedabad District. Anand has prescribed road lines in two places. The City survey work in Dohad is in progress. In Broach the Alignment Committee is reported to have aligned about 110,790 square feet of street roads. Umreth, Mehmedabad, Nadiad, Godhra, Jambusar and Ankleshwar have hitherto done nothing. Rander is doing well in this direction. Thana could not complete the work during the year under review while Kalyan has started this work. In the Central Division the Collector of Ahmednagar reports that action under Section 91-A is being taken by all Municipalities. In the East Khandesh and Nasik Districts no action for prescribing the regular line of roads was taken by any Municipality during the year. In West Khandesh the Dhulia Municipality completed the work of prescribing regular lines of streets and the Nandurbar Municipality fixed the width of the principal streets in the town. Out of the total length of 62 miles of roads and lanes in the Poona City, regular lines were fixed in respect of fifty-two miles up to the end of 1921-22. The work of the remaining streets is in progress. The Poona Suburban Municipality did not take any action as its roads are in charge of the Government Public Works Department. The Municipalities of Baramati, Talegaon-Dabhade and Junnar have already fixed regular lines of their public streets. In the Satara District, the Satara Suburban, Mahableshwar and Wai Municipalities have already completed the work of laying out regular lines within their limits. In the Southern Division no action was taken by the Municipalities in the Belgaum District except Nipani and Gokak and the Collector has drawn the attention of the defaulting Municipalities to the necessity for carrying out the duties imposed upon them by law. A regular line has already been marked out in Bagalkot for 22 streets and set backs in these were enforced at a cost of Rs. 1,471. Guledgud, Ilkal and Halyal could not take up the work for want of funds. In Gadag-Bettigeri plans have been prepared in respect of one or two streets and are under consideration. Ranebennur has fixed regular alignment of 175 streets. The Collector of Kolaba reports that the work is pending for want of properly prepared maps of the towns. For this purpose the gradual introduction of city survey has been proposed and operations are in progress at Panwel and Pen. In Ratnagiri a survey of the roads has been made but no further action was taken in consequence of the probability of the introduction of the city survey. Malwan has prescribed a regular line of streets but no survey has been made. Vengurla has a map of streets but a regular line has not been prescribed. Concerning Sind, the Commissioner reports that the fact that most of the municipal towns are not surveyed prevents compliance with the provisions of Section 91-A. In Karachi the resurvey of the city is still

in progress. The regular line of two roads was prescribed. In Hyderabad the work of prescribing the regular line of streets in quarters other than the congested portions is undertaken as necessity arises. An accurate map of the city of Shikarpur has now been received and the Municipality is adopting measures for prescribing the regular line of a number of roads; it has also been decided to proceed with the question of widening the main bazar and to enforce set backs wherever practicable. No information on the subject has been furnished by the Commissioner, Bombay Suburban Division.

24. *Appropriation of wheel tax and road tolls.*—The Ahmedabad Municipality as in the year preceding has not only spent the whole of its income from wheel tax but has contributed a further sum of Rs. 51,000 from its general revenues towards the maintenance of its roads. The Municipalities of Dholka, Modassa, Dhandhuka, Gogha, Dohad, Ankleshwar, Jambusar, Surat, Rander, Bulsar, Bassein and Bhiwndi have not complied with the rule that the whole of the proceeds of the wheel tax and the road tolls should be expended on the maintenance and repairs of the roads. It is satisfactory to note that the Municipalities of Kalyan, Thana, Viramgam, Kapadvanj, Nadiad, Godhra and Broach have spent on roads much more than the income derived from these sources. The Broach Municipality has not only spent its whole income from these sources but has contributed generously from the general revenues towards the maintenance of its roads. The Municipalities of Prantij, Sanand, Dholera, Ranpur, Umreth, Anand, Borsad, Dakor, Mehmedabad, Mahudha and Kaira although deriving no income from these sources have looked after their roads and incurred reasonable expenditure on them. In the Bombay Suburban Division, Kurla, Ghatkopar-Kirol and Juhu did not levy toll and wheel tax. In Bandra the expenditure largely exceeded the revenue under this head. In the Central Division the expenditure in all the Municipalities in East Khandesh except Yawal, Chalisgaon and Dharangaon exceeds the income derived from wheel tax and road tolls. In West Khandesh, the Municipalities of Shahada, Taloda and Sindkheda did not fully expend their income from these sources on roads. All these bodies have, however, credited the unspent balance to a special fund for eventual expenditure on roads. In the Nasik District the Municipalities of Nasik, Yeola and Sinnar did not fully utilize their receipts on roads during the year but Nasik is reported to have paid to the Land Acquisition Officer a sum of Rs. 4,600 for widening the Delhi Darwaza Road and also provided in the budget Rs. 10,000 to meet the additional amount of compensation for other acquisitions. In Poona, the Municipalities of Sirur, Baramati, Alandi, Saswad, Jejuri and Talegaon-Dabhade spent smaller amounts on roads than their receipts under these heads. It is, however, reported that these bodies have credited to a special fund the surplus receipts from wheel and toll taxes for future expenditure on roads. In the Satara District, with the exception of Ashta, Mahableshwar, Rahimatpur and Satara city, the expenditure on roads has been less than the receipts. In Sholapur District, only the Sholapur Municipality spent larger amounts on roads than the receipts under these heads. In the Southern Division, Belgaum, Bijapur, Bagalkot, Guledgud, Hubli, Kumta, Honavar, Bhatkal, Ulvi, Matheran, Panvel, Vengurla and Malwan spent all the proceeds on the maintenance of roads. Navalgund has a balance of Rs. 2,300, which is not funded separately, the excuse being lack of finances; the Municipality promises to credit it to a special fund for eventual expenditure on roads as soon as its finances improve. It has been asked by the Commissioner to show cause why the taxes should not be stopped. Of the rest of the Municipalities in the Division some have credited the balance for eventual expenditure on roads and others have been asked by the Commissioner to do so. In Sind, the Tatta and Garhi-Yasin Municipalities failed to carry out the policy enjoined by Government but have promised to do so during the next year. The Rohri Municipality on account of its unsatisfactory financial condition is disinclined to increase its expenditure. The Kambar and Ratodero Municipalities also failed in this respect. The Collector of Larkana is being

asked to draw the attention of the Presidents of these Municipalities to Government Order no. 860, dated the 23rd January 1920.

25. *Public Instruction.*—The total expenditure under this head amounted to Rs. 38,31,000 against Rs. 30,34,000 in the preceding year, thus showing an increase of Rs. 7,97,000, of which Rs. 5,05,000 and Rs. 2,06,000 were respectively contributed by the Northern and the Central Divisions. The Bombay Suburban and the Southern Divisions contributed Rs. 11,000 and Rs. 80,000 respectively towards the increase. Sind, however, showed a small decrease of Rs. 6,000. The increased expenditure was mainly attributable to the revision of the pay of primary school teachers and grant of allowances to them. In the Northern Division increases are to be found in all the Municipalities except Borsad, Kapadvanj, Mahudha, Nadiad, Jambusar, Surat, Thana and Bhiwndi. Ahmedabad Municipality alone was responsible for an increase of Rs. 4 lakhs transferred to the school account separately opened during the year. The increase in Godhra is due to the opening of two new Urdu Boys' Schools and one Urdu Girls' school during the year. The increase in Surat under " Contributions " is on account of the contribution of Rs. 40,000 made by the Municipality to the " Rashtriya Kelavni Mandal ". The decrease in Borsad is due to its failure to pay the teachers for several months together and to pay the enhanced salaries at all. At Nadiad the number of teachers was reduced and their places were taken by non-co-operating volunteers who were paid much below the standard rates for some months when the Municipality was managing its own schools. In the Bombay Suburban and the Central Divisions all districts were concerned in the increase under " Public Instruction ". The Dhulia Municipality paid a large sum to the credit of the Public Works Department for the construction of Urdu Girls' school and purchased a magic lantern with slides for schools. The Poona City Municipality incurred heavy expenditure in connection with the purchase of the sites for school buildings. The Sholapur Municipality spent a substantial amount over the construction of a school building. In the Southern Division, Guledgud has introduced free primary education and incurred a loss of Rs. 500 by thus abolishing fees. Dharwar has introduced free education and compulsory education has been engaging its attention. Though 112 pupils left the municipal schools owing to pressure of non-co-operators, steady progress has been made. Byadgi, where primary education is free and compulsory, spent Rs. 14,300 against Rs. 9,700. It has set apart Rs. 13,000 for a new school building. In Ranebennur the school suffered in attendance for some time owing to a ' national ' school being started. Sirsi introduced free primary education on the 1st April 1921 but the number of boys on the roll decreased from 525 to 468 owing to the opening of a ' national ' school there. Chiplun, which had introduced free primary education in 1918-19, discontinued it as the number of pupils did not increase and the municipal finances were insufficient. Athni and Saundatti-Yellamma have introduced free education. The other Municipalities in which the system of free primary education was in force last year continued it. The Collector of Kolaba remarks—

> " Except Matheran, none of the Municipalities have got adequate school-buildings. Many of the schools are located in hired houses, the boards having no money to construct their own buildings and none has obtained contributions from Government. This indicates the indifference with which the need of a decent school house is looked upon by Municipalities. The need of an airy and decent school building claims more attention than it has received in the past ."

In Sind, Karachi showed a decrease of Rs. 4,000 owing to larger expenditure in the previous year on additions to school buildings, and Sukkur and Rohri, a decrease of Rs. 11,000 and Rs. 3,000 respectively owing to curtailment of expenditure as a measure of economy. Hyderabad showed an increase of Rs. 9,000 principally owing to the payment of Rs. 8,000 as building grants to (1) the Kundanmal and (2) the Reform Association Girls'

Schools. Shikarpur also showed an increase of Rs. 10,500 owing to the payment of higher salaries and allowances, etc., to primary school teachers. The other Municipalities which showed increase mainly on this account were Tatta, Keti Bunder, Kotri, Tando Allahyar, Nasarpur, Garhi Yasin, Ghotki and Larkana.

26. *Closing balances.* The year's working resulted in a decrease of Rs. 1,16,000 in the total closing balance. The decreases in the Northern, Bombay Suburban and Central Divisions and in Sind amounted to Rs. 61,000, Rs. 15,000, Rs. 20,000 and Rs. 66,000 respectively. There was a decrease of Rs. 46,000 in the Southern Division. The aggregate closing balance of the Municipalities amounted to Rs. 73,19,000 as against Rs. 74,35,000 in the preceding year.

27. *Audit of accounts.*—The Accountant General's Local Audit Department audited the accounts of all the Municipalities in the Presidency including Sind during the year under review with the exception of Juhu, Kharda, Sangola, Karmala, and six Municipalities in the Dharwar District. In the Northern Division, the Examiner, Local Fund Accounts, detected in the accounts of the Modassa Municipality a misappropriation of Rs. 27 by a Nakedar from the toll accounts. The Municipality has recovered the amount and dismissed the offender. In the accounts of the Municipalities of the Kaira, Panch Mahals, Broach and Surat Districts no serious irregularities were pointed out by the Auditors. In Kalyan the Auditors detected a case in which the contractor was paid his full charges without deduction for the cost of metal belonging to the Municipality used by him. The Sub-overseer who held back the Managing Committee's order from the Accountant's notice has been dismissed and the excesses recovered from the contractor. In the Central Division, in the Dhulia Municipality defalcation to the extent of Rs. 8 in the case of two pound-keepers in cattle pound revenues was detected, the amounts recovered and the offenders were dismissed from the Municipality's service. The Collector of Poona reports that the audit shows considerable variations in the efficiency of the different Municipal officers and it is difficult to effect any improvement without improving the staff. In the Southern Division two cases of misappropriation—one in Alibag and the other in Panwel—were discovered. The misappropriation in the former Municipality was of Rs. 40 and was committed by the late tax inspector who was prosecuted and convicted in 1920 in connection with other frauds. The amount was recovered from his surety. In the Panwel case a Nakedar, who misappropriated some collections, was dismissed. In Sind no serious irregularities were brought to light.

28. *Municipal needs.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings with adequate playgrounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are stated to be the pressing and general wants of the Municipalities, most of which suffer from want of funds. For this the Municipalities have primarily themselves to blame. Government, however, have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important desiderata by granting loans and liberal grants-in-aid from time to time. In the Northern Division the crying need of the Ahmedabad Municipality is a drainage system. Permission has been granted to the Municipality by the Government of India to raise in the open market a loan of Rs. 45½ lakhs in connection with its water works and drainage extension projects. Surat also requires an underground drainage and a surface drainage in localities where it does not exist. The water works scheme of Dakor which was prepared by the Sanitary Engineer to Government being quite beyond the means of the Municipality, a smaller scheme was propounded by Sheth Mangaldas of Ahmedabad, who has consented to finance the scheme at his cost. A water works scheme for Kapadvanj to be financed mainly from public subscription is also ready. In the Bombay Suburban Division the question of improving the water supply and providing a drainage system in Bandra is at present engag-

ing the attention of the Development Department. The electric license granted to the Municipality by Government was surrendered. The question of a license for the supply of electricity in the Bombay Suburban area is well advanced and it is hoped that a start in supplying electricity to Bandra will be made in the near future. The chief wants of the Kurla Municipality are drainage and a dispensary building both of which are under the consideration of Government. In the Central Division the question of extending the Poona Drainage Scheme and of remedying its existing defects in accordance with the recommendations made by Mr. Watson is under the consideration of Government. In the Southern Division the Matheran Water Supply Scheme is at present being revised by the Sanitary Engineer to Government in the light of certain suggestions made by Lieut.-Colonel H. A. F. Knapton, I.M.S., and Mr. P. G. Gordon, I.C.S. The larger and more expensive scheme for the supply of water to the town of Uran has been abandoned and a simpler and cheaper scheme for supplying the Kharapat villages with water has been approved by Government. The Nipani water supply project is also being revised. Dharwar has received from Government a grant-in-aid of Rs. 5,000 for the scheme of masonry gutters in the town, the Municipality having taken also a loan from Government for the purpose. The Sanitary Engineer is to draw up a drainage scheme for Gokarn. The scheme for improving the water supply of Nargund is being examined. Government made a grant of Rs. 7,600 to complete the dispensary buildings at Nargund. The Sanitary Board has approved of the expenditure of a sum of Rs. 7,000 on a minor sanitary scheme of drainage at Gokarn subject to certain conditions. In Sind, the Karachi Municipality is seriously attacking the problem of the extension of its water supply and it is now taking measures to raise a loan of 30 lakhs in the open market. The works connected with the extension of the Hyderabad water supply are still under execution through the agency of the Public Works Department. The plans and estimates of a scheme for improving the Sukkur water supply are still awaited by Government, who have already sanctioned a grant-in-aid of Rs. 3,39,668 and an advance of Rs. 53,000 towards it. A complete water works scheme for the town of Jacobabad estimated to cost Rs. 5½ lakhs is being prepared by the Sanitary Engineer to Government. Mirpurkhas Municipality is considering the question of a drainage scheme for the town.

29. *Grants for sanitary and town improvement schemes.*—A sum of Rs. 9,70,000 was provided in the budget for the year 1921-22 under the head "33—Public Health" to meet demands from local bodies for sanitary projects. The principal grants and advances made during the year were :—

	Rs.
Grant-in-aid towards the construction of a bye-pass chlorinated water channel at the Parbati Settling Works, Poona City water supply	21,758
Grant-in-aid for the chemical treatment of Poona City water supply	12,724
Further advance to the Ahmednagar Municipality towards the expenditure incurred on its water supply scheme (out of this advance Rs. 3,05,121 have since been converted into a grant-in-aid to that body)	6,10,242
Allotment for additions to the Sinhastha hospitals at Nasik Road and Trimbak ...	9,055
Advance to the Kharda Municipality for the improvement of its water supply	4,000
Further grant-in-aid towards the Trimbak water supply scheme	54,620
Further advance to the Vita Municipality for its water supply scheme	1,925
Further allotment for the Nawabshah Drainage Scheme	26,152
Further grant-in-aid to the Sukkur Municipality for the improvement of its water supply scheme ...	92,045

An allotment of Rs. 50,000 was also placed during the year under review at the disposal of the Sanitary Board, who have been authorised by Government to sanction sanitary projects which do not cost more than Rs. 20,000 and to make grants up to a limit of Rs. 10,000 for any single work. Out of this allotment distribution was made as follows :—

	Rs.
Sind (for 7 minor sanitary projects)	10,564
Northern Division (for 4 minor sanitary projects) ...	10,820
Central Division (for 3 minor sanitary projects) ...	8,740
Southern Division (for 6 minor sanitary projects) ...	16,841

Part II.

Remarks regarding the principal Municipalities.

30. *Ahmedabad.*—The financial condition shows little improvement. Out of a demand of Rs. 9,65,503 the Municipality recovered Rs. 8,17,543, the amount remitted during the year being Rs. 38,148. The outstanding balance on 31st March 1922 was Rs. 1,09,812.

The chief event of the year under report was the struggle of the Municipality to maintain an attitude of non-co-operation towards Government as regards education, and the final suspension of the Municipality, in consequence. In defiance of its own Rules and the Bombay District Municipal Act it resolved not to allow Government inspection of its schools. It ignored the orders of the Collector and the Commissioner in turn passed under section 174 (1) and (2) of the Act forbidding it to give effect to the resolution. On December 17th, 1921, Government took over the municipal schools and put them in charge of the Deputy Educational Inspector. On January 7th, 1922, the Municipality resumed charge of the schools in defiance of the Government order. This forced Government to take action under section 179 (1) and the Municipality was duly superseded on the 9th February 1922.

The affairs of the city are now in the hands of a board of citizens nominated by Government and the Commissioner observes that their one desire is to make a real start during their tenure of office with several schemes which are vitally necessary for the future development of the city and the health and welfare of its inhabitants.

Surat.—As stated by the Collector, the history of the administration of this Municipality up to the 6th February 1922, on which date it was superseded, is one long succession of deliberate violations of the law under which the Municipality was constituted, of flagrant abuse of the powers with which it was invested and of a policy of reckless and shortsighted cutting down of expenditure in connection with the most vital branches of Municipal administration, a policy which was the natural result of their adopting non-co-operation and renouncing Government grants. The Municipal affairs are now in the hands of the Committee of Management which is faced with difficult financial problems. The late Municipality made no serious endeavour to collect rates and taxes, so that at the close of the year the arrears amounted to Rs. 77,000. An organised campaign against payment of taxes further hampers the Committee, which is, however, boldly facing the situation and it is hoped that next year matters will be markedly improved.

Nadiad.—This is the third Municipality in Gujarat which, like Ahmedabad and Surat, adopted the policy of non-co-operation and decided to conduct its primary schools independently of Government control and to refuse Government grant for education. It was not superseded as Nadiad is a place of comparatively small importance and as the other activities of the Municipality were of no great concern except to the local ratepayers. The conduct, however, of the President in disregarding the clear provisions of the law in respect of calling meetings compelled Government, in the interests of the constitutional progress of local self-government, to take action under section 23 (7) of the Bombay District Municipal Act, 1901, and to remove the President from his office for neglect to perform his duty, the Mamlatdar of Nadiad being appointed President.

Poona.—The Collector observes : " On the whole, except on the drainage question, the last Municipality maintained a very reasonable attitude towards Government. If the new corporation is equally reasonable we may hope that

the drainage question will be settled to the satisfaction of everyone. Although a considerable number of the new councillors were elected as 'non-co-operators', there seems to be little prospect of non-co-operation becoming a definite municipal policy; on the contrary, the present board seems just as anxious as its predecessors to seek the assistance (especially financial) of Government on every occasion ".

Karachi.—The most important event is the passing by the Municipality of the water supply extension scheme, which it is resolved to proceed with from the reserve fund, pending the raising of a loan of Rs. 36½ lakhs in the open market for the purpose, permission for which has been recently granted by the Government of India. It is regretted that the Municipality, instead of giving lead in the matter of imposing direct taxation, reduced its rate of house tax at a time when funds are urgently needed for numerous important schemes of public utility. The draft of a special Municipal Act for the City of Karachi is at present under the consideration of Government.

Hyderabad.—The report of the Committee appointed by the Government of India to consider the feasibility of the proposal to transfer the Hyderabad Cantonment to a new location was considered by the Municipality, which is unable to find funds for the proposed transfer. Thus the problem of the relief of congestion in Hyderabad still remains. The Collector and the Commissioner have, however, as a partial solution of the problem, put forward certain suggestions which are at present under the consideration of Government. The financial position of the Municipality continued strong. Excluding items under " extraordinary and debt " the income exceeded expenditure by Rs. 40,000. The Municipality has no debt, and the reserve fund stands at Rs. 6¼ lakhs. But this continued prosperity is largely dependent on the maintenance of the octroi revenue, which supplies 45 per cent. of their total revenue. A satisfactory feature of the year's administration is the reduction by more than one-third of the outstanding balance of municipal dues. During the year the reorganization of the municipal staff was taken in hand and a provident fund was also initiated.

Part III.

General Remarks.

31. During the year under report the policy of freeing Municipalities from internal control was carried to its last stage. All Municipalities now elect their own Presidents and the number of nominated councillors and, in particular, the number of nominated Government officers has been reduced to a minimum. The qualifications of electors have been reduced so that they are now theoretically based on the widest possible franchise. As shown by their working during the year the results are, with a few exceptions, disappointing. Instead of being businesslike bodies they are too often regarded as mere debating societies. Councillors too often think more of the social distinction conferred on them than the civic responsibility undertaken. It is this inertia and the lack of responsibility of councillors that determines the chief characteristic of municipal administration, *viz.*, slackness. This slackness has been reinforced in some cases by the effects of the non-co-operation campaign, which, while it has completely disorganised only the three Municipalities of Ahmedabad, Nadiad and Surat, has affected to some extent the working of a number of others, particularly in the Northern and Southern Divisions. No serious attempt was made by the non-co-operation party to gain control of Municipalities generally but most of them contain a non-co-operation minority. The chief effects are the prolongation of debates and meetings, with the result that little is accomplished, and the rendering of the work of municipal officers more difficult by the inculcation of disobedience to authority generally. The overt acts are negligible and have been confined to a few cases of voting of municipal funds either for total abstinence propaganda or illegally for receptions of prominent extremist politicians. The relations however of all Municipalities with Government and officers of Government remained harmonious. In view of the slackness of administration it is not surprising

to find that the finances of very few Municipalities are sound. The following Municipalities show substantial closing balances, namely, Viramgam, Surat, Bandra, Kurla, Bhusaval, Dhulia, Poona, Sholapur, Lonavla, Nipani, Bagalkot, Gadag-Bettigeri, Dharwar, Matheran, Karachi, Hyderabad, Sukkur, Shikarpur, Larkana, Kambar, Ratodero and Mirpurkhas. But not all of these can be said to be wholly sound financially. Few have sufficient income to meet their normal obligations with a fair working margin in hand for emergencies. The net income was Rs. 176 lakhs, which was less than the previous year's income by 4 lakhs. The ordinary expenditure, however, amounted to Rs. 175 lakhs, more than the previous year by 11 lakhs; but the apparent solvency of the Municipalities as a whole is simply the result of an incomplete performance of their functions, which were, as a rule, not properly carried out for lack of funds. Taxation of any kind and particularly direct taxation is apt to be shirked on account of the odium attached to it. It is especially to be noticed that little attempt is made to adjust taxation so as to make its incidence fair on rich and poor alike. All forms of octroi are popular with Municipal representatives although they tax the poor more than the rich. House tax, where it is imposed, is as a rule on a scale that is heavier in proportion on the poorer houses than the better ones. The Collector of Nasik remarks as follows in regard to the Municipalities in his district: "The Municipalities are, as far as it is possible, now exempt from any kind of official control and have in consequence an opportunity of showing that private gentlemen can manage the affairs of the town efficiently. It is, however, unfortunately the case that no board has as yet seriously applied itself to the task of putting its house in financial order. Needs of every town are great but no systematic attempt is being made to make provision for them. Matters are referred to Committees, and there, as far as the Boards are concerned, the things end. Nothing is done to-day which can be put off till tomorrow". These remarks, in the opinion of Government, apply generally to Municipalities in the Presidency. Government, however, are aware that the defects pointed out are fully realised by most of the non-official presidents of Municipalities and a large number of councillors, who do work wholeheartedly to remedy them in spite of lack of proper support from many of their colleagues.

Government hope that the present unsatisfactory state of things is but a temporary phase and that members of Municipalities will commence to realise more fully their corporate duty and responsibility without which no proper administration is possible.

32. Copies of the Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and to other officers and Departments concerned.

By order of the Government of Bombay
(Transferred Departments),

S. N. ZIMAN,
Deputy Secretary to Government.

Abstract of Statement no. 1 accompanying the review of the District Municipal Reports for the year 1921-22.

Number of municipalities constituted under the Bombay District Municipal Act, 1901	159
Population within municipal limits	26,82,030
Number of towns of which the municipal committees are appointed partly by election and partly by nomination.	143
Number of towns of which the municipal committees are appointed by nomination only	16

Indians	...	...	...	2,406

Appendix to Government Resolution, General Department, no. P.—55, dated the 30th August 1923.

The progress of Mahomedan Education. Northern Division.—In Ahmedabad the total number of Mahomedan pupils studying in the municipal schools at the end of the year was 1,032 (815 boys and 217 girls) as against 1,715 in the year preceding. The proportion of Mahomedan to the total number of pupils was 29·2 per cent. as against 19·5 per cent. in the last year. The percentage of Mahomedan pupils to Mahomedan population was 2·3 as against 3·8 of the last year. 582 Mahomedan pupils appeared at the annual examination during the year under report, of whom 354 passed. In the District, the Municipalities of Dholka, Viramgam, Prantij, Modassa, Dhandhuka and Ranpur each maintain one Urdu school whilst Sanand and Dholleṛa have none. In Gogha the Urdu schools maintained up to January 1922 proved a failure and had to be closed. In Modassa education imparted in the Urdu school was made free for the sake of encouragement. In Viramgam the average attendance of boys rose from 116·2 to 120·2. The Municipality also maintains one Arabic-knowing teacher who gives lessons in the Koran. In the Kaira District each Municipality, except Dakor, has at least one Urdu school. In Borsad, at the suggestion of the Educational Inspector, education in the Urdu school is imparted free in order to induce Mahomedan parents to send their boys to the schools. Two Urdu schools for boys and one for girls were opened during the year under review in Godhra. The number attending the boys' school was 434 and that in the girls' school 135, as against 303 and 1 in the preceding year. The average expenditure incurred by the Municipality on account of each boy and girl was Rs. 15·27 and Rs. 8·55, respectively. In Dohad the number of schools for the Mahomedans remained the same, *i.e.*, 2 out of the 6 primary schools of the Municipality. The number of boy pupils was 132 and that of girls 111 as against 122 and 113, respectively, in the previous year. Urdu is taught through the medium of Gujarati. In Broach the number of Mahomedan pupils rose to 363 as against 249. The Municipality spent Rs. 6,316 as against Rs. 4,452 in the preceding year on Mahomedan education. The Municipality also gave grants amounting to Rs. 250 to two private Mahomedan educational institutions. In Surat the non-co-operators' educational propaganda combined with the Khilafat agitation has re-acted very unfavourably on the education of the community, which has always been somewhat backward. The operation of the Compulsory Education Act had begun to improve the attendance of Mahomedan children in the municipal primary schools when the activity of the non-co-operators started. The result has been a deplorable set back. In Rander the same number of schools and madressas continues. In Bulsar there are three Urdu schools including a Girls' school. The number of pupils on the rolls was 162 boys and 110 girls compared with 159 boys and 73 girls during the previous year. The increase in the number of girls is mainly due to the appointment of a trained Mahomedan head mistress in the Girls' school. Owing to lack of facilities for imparting religious instruction attendance in an Urdu school in the Thana Municipality is poor. In Kalyan the non-co-operators have boycotted the municipal Urdu school and have started a "national" school which is attended by over 100 pupils. The "Anjuman Urdu School" also did not ask for the usual municipal grant-in-aid of Rs. 300. In Bassein the same number of schools (*i.e.*, 2) as last year continued with an expenditure of Rs. 1,274. In Bhiwndi out of the five Urdu schools two are for boys, two for girls and one night school for boys

teaching up to the standard III. The day-schools for boys, although full primary schools, teach up to the II standard only as several "national" schools have been opened. The attendance, however, rose from 30 to 40. The Girls' schools have 81 pupils on the rolls. The total attendance of all the Urdu schools fell from 238 to 217, the expenditure being Rs. 3,400.

Bombay Suburban Division.—Out of the four Municipalities in this Division, *viz.*, Bandra, Kurla, Ghatkopar and Juhu, the first has two Urdu schools for boys and two for girls. The number of boys increased from 278 to 308 and that of girls from 137 to 150. Kurla has three Urdu schools for boys and the attendance rose from 91 to 122. Ghatkopar and Juhu have no considerable Mahomedan population.

Central Division.—The Collector of Ahmednagar reports that in spite of financial difficulties the Municipalities have not neglected the subject. In East Khandesh all Municipalities maintain Urdu schools for boys and girls. In West Khandesh there are 13 Urdu schools. In Nasik, the Municipalities of Nasik, Yeola, Malegaon, Sinnar, Igatpuri and Nandgaon maintain Urdu schools. The Collector of Nasik observes that although 4/5ths of the population of Malegaon consists of Mahomedans, the majority of them are weavers and illiterate and as such do not send their boys to schools, as the daily earning of a boy supplements to some extent the income of the family. Poona City Municipality maintained nine Urdu schools and one night school—six for boys and four for girls. It is reported that the English class attached to the Urdu full primary school for some years as a temporary measure showed good progress during the year and it is therefore made a permanent fixture by the Municipality. Baramati Municipality continues to maintain the special Urdu school. The Junnar Municipality maintains an Urdu school to which was attached a class for Mahomedan girls, but it was closed from the 10th June 1921 for want of funds. The Poona Suburban, Khed and Sirur Municipalities have Urdu classes attached to their vernacular schools. At Talegaon-Dabhade Mahomedan boys are instructed in a municipal vernacular school. The Urdu class at Indapur remained closed partly owing to the indifference of the people towards education and partly to the transfer of the Urdu teacher. The Municipalities of Sholapur, Barsi, Karmala and Pandharpur in Sholapur District maintained 13 Urdu schools—8 for boys and 5 for girls. Sangola has no separate Urdu school. There are 26 Mahomedan boys in the municipal boys' Marathi school of whom four get free studentships.

Southern Division.—Excepting Bail-Hongal, which has not yet taken over the schools from the District Local Board, each of the five Municipalities in the Belgaum District maintained one Urdu school for boys; in addition, Athni had 1 Urdu Girls' school and Belgaum 2 such schools and one class for boys. The number of pupils was 580 boys and 335 girls. One boy was sent up from the Urdu Boys' school at Belgaum for the Vernacular School Final Examination which he passed. There were five schools including one class in Bijapur, three in Bagalkot, two in Guledgud and one in Ilkal with a total attendance of 823. The Dharwar Municipality maintained three boys' and three girls' schools and the Hubli Municipality, 5 boys' and 3 girls' schools. The Karnatak Urdu High School in Hubli was taken over by Government. A night school was opened at Hubli by the Anjuman for the children of the labouring classes and as an encouragement free studentships were granted to all poor students. There were two schools each at Gadag and Ranebennur. Nargund maintains a school which is not reported to be working well and the Municipality is in correspondence with the educational authorities regarding its improvement. There was one school at Navalgund, one at Haveri and one at Byadgi. Karwar conducted one school and one class and the average daily attendance was 64·2. Kumta and Sirsi each maintained two schools with an attendance respectively of 69 and 71. Halyal had one full primary school and the number of boys on the roll was 107. Honavar has one class with an attendance of 18 boys and 8 girls. Bhatkal has a separate school for boys, but the attendance declined from 134 to 55.

owing to the opening of an Anjuman school where both primary and secondary education is given. Mahad, Panwel and Pen each maintained one Urdu school with an attendnce respectively of 92, 62 and 33. Roha maintained one school and one class but the attendance was small and progress unsatisfactory. There were 2 private schools at Uran with an attendance of 280. There was one Mission school at Alibag attended by 33 boys and 13 girls. There was one school in Ratnagiri and one in Malwan with an attendance respectively of 40 and 60.

Sind.—During the year under report 731 Mahomedan boys and 635 girls and 5 Mahomedan mistresses received instruction in municipal schools in Karachi at a cost of Rs. 67,000. Of the boys, 32 after finishing the primary course were qualified to join English schools. Of the 15 boy pupils belonging to various communities, who were admitted free in the municipal schools, 10 were Mahomedans. In the Female Normal Class 10 out of 18 mistresses receiving training were Mahomedans, 4 of whom were stipendiaries. The Municipality also paid grants-in-aid amounting to Rs. 11,000 to 25 Mahomedan Boys' schools and 8 Girls' schools. On the attendance rolls of these aided schools there were 2,658 boys and girls. Out of the total municipal expenditure of Rs. 2,14,000 on education for the year under report, Rs. 78,600 were spent on the education of Mahomedans, *i.e.*, about 36·71 per cent. In the Tatta Municipality the number of Mahomedan students in the English and Vernacular schools was 27 and 88 respectively. A night school is also held in which the number of Mahomedan boys was 16. The number of Mahomedan boys in the Keti Bunder municipal school was 33 against 26 last year. Kotri maintains two schools in the villages of Nango Lane and Khairpur, which are mainly attended by Mahomedans; while in the main vernacular school in the town one-third of the students are Mahomedans. A girls' school exists in Nango Lane village solely for Mahomedan girls. An Anglo-Vernacular school also exists in Kotri where both Mahomedans and Hindus are admitted. The attendance of Mahomedans in this school was 25 against 19 last year. In Manjhand the Mahomedan population has not made any special attempt to avail themselves of the opportunities afforded by the Municipality. In the District of Hyderabad the number of Mahomedan boys and girls attending municipal schools was 621 and 115 respectively, out of a total number of 1,870 boys and 512 girls attending them. The number of free pupils was 474. The small number of Mahomedan boys attending municipal schools is due to the existence of Mulla schools in the municipal areas as also to the general apathy of the Mahomedan community in regard to education. In the Sukkur District the number of Mahomedan pupils is on the increase. Indifference towards education on the part of Mahomedans is gradually vanishing, and the Municipalities are helping the spread of education amongst Mahomedans by maintaining schools and boarding houses and by giving scholarships and free studentships. During the year under report Larkana Municipality had in all its 4 schools 705 boys, out of whom 179 were Mahomedans as against 149 out of a total of 579 last year. Within its limits there are also Mulla schools for Mahomedan boys besides one Madressah-tul-Islam, which receives Rs. 300 a year from the Municipality. The Madressah-tul-Islam, Larkana, which used to attract Mahomedan boys from the towns and mofussil is to be closed as a school and maintained as a Mahomedan hostel in connection with the High School. In the Kambar Municipality the education of Mahomedans is making good progress. The existence of a boarding house attached to the Anglo-Vernacular school has attracted many pupils from the surrounding and remoter villages. The special feature of the year is the opening of a girls' school at Kambar wherein 18 Mahomedan girls are receiving instruction at present. The Municipality continues to contribute towards the Madressah-tul-Islam at Larkana. The Rato Dero Municipality has both vernacular and anglo-vernacular schools and the number of Mahomedan boys in each case was 49 and 14 as against 53 and 12 in the previous year. In the vernacular school at Sehwan 45 Mahomedan pupils attended as against 30 in the previous year. Of this number 19 as against 8 in the previous year were exempted

from the payment of fees. In the Anglo-Vernacular school there were 13 Mahomedan boys of whom 5 were exempt from the payment of school fees. There is only one vernacular school at Bubak wherein 47 Mahomedan students received education, 32 being exempt from school fees. There is one municipal primary school at Mirpurkhas which had 156 boys on its roll during the year. Of these 21 were Mahomedans. At Umarkot there was a slight increase in the average attendance of Mahomedan boys and girls. In the Nawabshah District the number of Mahomedan children at schools shows no increase. At the Municipal schools there were 13 boys in Shahdadpur and 21 boys in Tando Adam. In the Upper Sind Frontier District every effort was made to encourage Mahomedan education during the year under report. The number of Mahomedans on the rolls of the municipal schools was 55 per cent. of the total number.

STATEMENT No. I.

Statement showing the Constitution of the Municipalities in the Bombay Presidency during the year 1921-1922.

* Last year the closing balance was shown as Rs. 4,525 (deposit 318 + actual balance 4,207). The President, Betavad Municipality, reports that the amount of Rs. 318 shown as deposit was wrong and that it should have been Rs. 313 and so the total closing balance of the last year was Rs. 4,520 (313 + 4,207).

† Terminal tax.

*The balance is increased by 2,054 as this amount of Octroi refund was deducted wrongly twice by the Sholapur Municipality.

† The difference of Rupee one in balance is due to Dharsod of annas and pies in the accounts.

‡ The difference of Rupees two in balance is due to Dharsod in accounts.

Light-ing rate.	Conservancy (including scavenging and latrine rates).	Other Taxes (to be specified in detail, *e.g.*, servants' tax, pilgrim tax, &c., in as many columns as may be necessary).								
		Special sanitary cess.	General sanitary cess.	Pilgrim tax.	Dog tax.	General water rate.	Motor and cycle tax.	Cotton manufacturing tax.	Shop tax during fairs.	Looms or Factory tax.

* This difference of Rs. 13,000 between column 60 of this statement and column 65 of the statement No. II is due to the omission of Rs. 13,000 from column 58 as this amount forms part of invested funds received by the Municipality from the Notified Area Committee on the latter's abolition.

STATEMENT

Name of Division and District.	Serial Number of Municipality.	Name of Municipality.	General Administration and Collection Charge.						
			General Administration *office establishment, inspection, Honorary Magistrates' establishment, etc.	Collection of taxes, including bonded warehouses (establishment, purchase of account-books and paper, money-boxes, repairs to outposts, etc.).
